COURSE SYLLABUS

Premiere Pro in a Day Course Online

Get up and running with Adobe Premiere Pro in this focused course covering everything you need to start editing with confidence. You'll learn to organize projects, build sequences, fix audio and color, add B-roll, animate images, cut clips, drop in lower-third titles, and export polished videos ready for social media.

> Group classes (Live Online) and onsite training are available for this course. For more information, email partnerships@vdci.edu or visit: https://vdci.edu/courses/premiere-pro-in-a-day-course-online
