

# WordPress Course Online

Learn to create and manage websites with WordPress, even if you have no prior web design experience. This thorough course covers everything from installation through theme customization and custom templates, making it an essential skill for web developers given that more than 40 percent of websites run on WordPress.

Group classes in Live Online and onsite training is available for this course. For more information, email [partnerships@vdci.edu](mailto:partnerships@vdci.edu) or visit: <https://vdci.edu/courses/wordpress-course-online>
