CAD/BIM Technology Certificate Program

VDCI looks forward to teaching you the career skills you will learn in your Technology Certificate program. The following are the step-by-step instructions for Enrolling in your Technology Certificate Program at VDCI. The regulatory agencies to whom VDCI reports have your best interests in mind. Protecting the student is important. It is for that reason we are asking that you read and acknowledge having read (by initialing) the following information:

1. VDCI Catalog

Please complete the following steps to enroll

I acknowledge that I have reviewed the VDCI School Catalog.

The VDCI School Catalog contains a description of certain policies, procedures, and other information about the institute. VDCI reserves the right to change any provision of the catalog at any time. Notice of changes will be communicated in a revised catalog, an addendum, a supplement to the catalog, or other written format. Students are expected to read and remain familiar with the information contained in the current VDCI School Catalog. By enrolling in VDCI, the Student agrees to abide by the terms stated in the catalog and all school policies.

The State of California Bureau for Private Postsecondary Education (BPPE) and our National Accreditors, the Accrediting Council for Continuing Education and Training (ACCET) require that you initial many items on this enrollment agreement. By initialing, you are confirming that you have read and understand the topics being addressed.

You are enrolling in the program: **CAD/BIM Technology Certificate Program**

Total course hours earned upon the successful completion of this technology certificate: **390 Clock Hours**

Online courses begin every three weeks, with a duration of eighteen days. Online students will be auto-enrolled in the next course in their sequence. Any requested Leave of Absence over three weeks must be pre-approved by the institution and requires students to provide the rationale behind their absence.

Onsite courses are held on a quarterly basis -- with each cycle beginning the first week of January, April, July and October. Onsite CAD courses are held on M/W. Onsite BIM courses are held on Tu/Th. Onsite courses typically have a duration of two or three weeks, depending on the course.

VDCI School Policies

Student Tuition Recovery Fund Disclosures

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

By typing your initials to the left you are acknowledging that you have received and reviewed information on the Student Tuition Recovery Fund (STRF).

STUDENT'S INITIALS
Education Requirements

Before beginning their Technology Certificate programs at VDCI, students must have earned a minimum education of a high school diploma or equivalent. Students need to verify the mandated minimum education requirement. This will require providing a fax, scan, or emailed copy of transcripts, diploma, degree, etc. This documentation can be sent to registrar@vdci.edu. If you do not meet the minimum education requirements, students may take the Ability-to-Benefit exam with passing scores in place of the minimum education requirements.

By typing your initials, you are confirming that you meet the minimum education requirements and will provide the required documentation to registrar@vdci.edu

STUDENT'S INITIALS

Student's Right to Cancel

If a student, vocational or avocational, chooses to withdraw from the program, VDCI allows the following methods of informing the institution:

Written communication via e-mail sent to: Registrar@vdci.edu - This email should include the student’s name, the course(s) to be canceled, the name of the instructor(s) and the reason for the cancelation. This e-mail should also inform VDCI whether the student wishes to request a refund or to reschedule the course. Written communication, including this information, can also be sent to the student’s instructor(s). The instructor will communicate this information to the Program Manager and Academic Manager.

Verbal communication (phone or in-person) made to the Program Manager or the Academic Manager. Note: To ensure efficiency and the accurate record of the student’s date of determination, verbal notice of cancelation cannot be made to instructors.

Students enrolled in a technology certificate program, an avocational bundle, or a solitary course have the right to cancel their enrollment agreement at any time. The eligibility of a full or partial refund will be determined and calculated based on the VDCI Refund Policy below.

Students are not required to notify the institution of their withdrawal from the program.
Refund Policy

VDCI’s refund policy favors the students and meets the regulations that are required by ACCET and the state. Students enrolled in a Course, Bundle, or Program at VDCI have the right to cancel their enrollment at any time.

If the institution has collected money that is greater than the amount owed for previously completed and/or pro-rated courses, the Institution will refund/credit the remaining balance to the payee within 45 days of the effective date of determination, in accordance with the Bureau for Private Postsecondary Education regulations.

A refund calculation will be performed for a student who is deemed cancelled, withdrawn, or terminated.

Necessary Definitions –

Cancellation: A student who never attends classes at the institution after enrolling and informs the institution (students outlined in “vocational trial period” may be an exception).

No Show: A student who never attends class at the institution (online or onsite) after enrolling and does not inform the institution. Note that the ACCET policy treats no shows identical to cancellations.

Withdrawal: A student who attends at least one class at the institution but does not complete his/her program.

Termination: A type of withdrawal initiated by the institution due to failure to meet one or more institutional policies.

Period of Financial Obligation: The portion of the program for which the student is legally obligated to pay, which may be less than the full program and may not, under any circumstances, exceed a period of 12 months, and pertains to courses that have been completed, courses currently in session, and any applicable fees and/or itemized, non-refundable charges.

Last Date of Attendance (LDA): The final date the student attends class or virtually attends an online course.

Date of Determination (DOD): The date the student notifies the school of his or her withdrawal, or the date the institution terminates or administratively withdraws the student. The DOD will be no later than 90 days from the student’s last day of attendance, a student’s Leave of Absence start date, or from acknowledgement of a student’s Academic Plan, whichever is latest.

Vocational Student: Any active student within VDCI who is currently accepted and enrolled within a Technology Certificate Program.
Procedure:

Cancellations can be effectuated due to:

a) “No show”/student never began their Course, Bundle or Program

b) Rejection of an applicant by the institution

c) Program cancellation by the institution

d) Cancellation by a student during the VDCI-established cancellation period

e) Any violation, as determined by the institution, of the Student Code of Conduct

f) A consistent failure to demonstrate academic progress as listed in the student Satisfactory Academic Progress (SAP) policy

Refund Amounts

All courses that have been completed, either with a passing or failing grade, will receive no refund. These courses will be recorded on the student’s Academic Transcript and Refund Calculation.

In a current course, if a student provides notice of cancellation or has been terminated or withdrawn by the institute prior to the conclusion of the eleventh (11th) day of the course and has completed 20% of the course assignments or less, they shall receive a refund of 100% of the amount paid for institutional charges for the active course, less the $50.00 Technology Certificate application/registration fee and/or itemized, non-refundable fees.

If a student is withdrawn beyond the first day of the active course but within the first seven (7) days of the course and has completed more than 20% of course assignments, they will be charged 10% of the course tuition in addition to any applicable and/or non-refundable fees.

Students who have completed more than 20% of the course and are withdrawn on the 8th, 9th, 10th, or 11th day of class will be charged 50% of the course tuition in addition to any applicable and/or non-refundable fees.

Students who are withdrawn after the 11th day of the course, who have demonstrated any documented course participation, will not be entitled to a refund.

Students with no course activity and no reciprocated communication to VDCI’s efforts will be automatically withdrawn from the course at the conclusion of the 12th day and will only be charged any applicable and/or itemized fees.

NOTE: Logging in to the LMS or accessing course materials are not considered IDL course participation. A student’s LDA is the last day in which they completed an assignment, contacted their instructor for academic assistance, posted on a discussion forum, etc.
If a student’s sole activity in a course includes logging in or accessing materials, their LDA is the last day of the most recent course they completed, regardless of their academic grade in that course.

Any remaining courses will be canceled and fully refunded.

Determination of Assignment Completion

VDCI will utilize the LMS to determine the percentage of assignments a student has completed within a course. The Program Manager or Academic Manager will review the student progress report. They will look through the student’s “Score” column. If the student has a numerical score (rather than “N/A”), it will be determined that the student has submitted that assignment. The Program Manager or Academic Manager will find the sum of points available for all completed assignments.

For their Program, if the student has a credit balance on the account for courses which have been prepaid but not taken, that amount will be refunded within 45 days of a student’s Date of Determination.

This refund calculation is determined by taking the number of courses completed and multiplying that number by the average course cost (the total program cost divided by the recommended number of courses necessary for completion). If that result, when added to any additional itemized and non-refundable fees or partial tuition charges, is lower than the total of money paid to VDCI, the student is entitled to a refund.

Students who have completed 1-2 courses and were marked as “Trial Period Students” will be refunded accordingly to the policy listed under “Vocational Student Trial Period”. If the student owes a debt, that debt will be appropriately charged according to the payment agreement.

Vocational students will only be charged the $50.00 Technology Certificate application/registration fee, a pro rata for the active course in accordance with this refund policy and for any other previously completed unpaid courses reflected on the refund calculation worksheet. This refund policy conforms with the California Education Code CEC 94911(e)(1). Students who cancel, withdraw or are terminated with a debt on their account will be held responsible for the payment of any remaining funds greater than or equal to $50.00 in accordance with the signed payment agreement.

If the institution has collected money that is greater than the amount owed for previously completed courses, the Institution will refund/credit the remaining balance to the payee's account within 45 days of the effective date of determination, in accordance with the Bureau for Private Postsecondary Education regulations.
Withdrawal from The Program

In a current course, if a student provides notice of cancellation or has been terminated or withdrawn by the institute prior to the conclusion of the eleventh (11th) day of the course and has completed 20% of the course assignments or less, they shall receive a refund of 100% of the amount paid for institutional charges for the active course, less the $50.00 Technology Certificate application/registration fee and/or itemized, non-refundable fees.

If a student is withdrawn beyond the first day of the active course but within the first seven (7) days of the course and has completed more than 20% of course assignments, they will be charged 10% of the course tuition in addition to any applicable and/or non-refundable fees.

Students who have completed more than 20% of the course and are withdrawn on the 8th, 9th, 10th, or 11th day of class will be charged 50% of the course tuition in addition to any applicable and/or non-refundable fees.

Students who are withdrawn after the 11th day of the course, who have demonstrated any documented course participation, will not be entitled to a refund.

Students with no course activity and no reciprocated communication to VDCI’s efforts will be automatically withdrawn from the course at the conclusion of the 12th day and will only be charged any applicable and/or itemized fees.

Transfer of Credit Policy

Notice Regarding Transferability of Credits and Credentials Earned at VDCI

The transferability of credits you earn at VDCI is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the degree or certificate you earn in the CAD-BIM Technology Certificate Program is also at the complete discretion of the institution to which you may seek to transfer. If the credits or degree or certificate that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason, you should make certain that your attendance at this institution will meet your educational goals. This may include contacting the institution to which you may seek to transfer after attending VDCI to determine if your credits or degree or certificate will transfer.

By typing your initials to the left you are acknowledging that you understand the transferability of course clock hours to other institutions.

Enrollment vs Registration

Vocational Students will be automatically placed in a VDCI “trial period” for six weeks or until their first two courses have been successfully completed. These courses must include one introductory level and one intermediate level course required for the completion of the student’s certificate program. If a student is able to successfully complete both courses with a “C-” (70%) or better within their trial period, the student will be officially entered into the technology certificate program. If a student is not able to successfully complete both courses with a “C-” (70%) or better within their trial period:

- The student will be processed as a Cancellation and will be withdrawn from the program.
- The student will be issued a full refund, less any itemized and non-refundable fees.
- The student will not receive course completion certificates for either course, as they will be refunded for both courses.
- The student will then be asked to communicate with the Program Manager to determine if they will transition into a bundle program, select individualized courses, continue participation in the certification program, or terminate their attendance within VDCI.

STUDENT'S INITIALS

By typing your initials to the left you are acknowledging that you have read and understand that you must pass your first two courses within the first six weeks with a grade of “C-” (70%) before you are officially registered in the Technology Certificate Program.
